## About Us

Ocean Biz LLC is a US Company Servicing the local market since 2017

As a producer we are specialized in Argentine Wild Red Shrimp (*Pleoticus Muelleri*) and Argentine Squid (*Illex Argentinus*) with our own fleet of six Vessels under the Argentine flag, a Land Factory in Puerto Madryn, Argentina (where we process our products) plus our logistic office in Miami, Florida.

While we distribute nationwide under our own brand name, we focus on the production for Grocery Stores, Food Services, Supermarkets as well as Retail Stores according to their requirements of packaging, presentation, brand product specifications and lead time request, under full container load purchasing programs.

Since we handle a wild product, business success relies on an accurate forecast (customer input) as well as a realistic ETA's (our commitment) previously agreed between parties. We guarantee consistency, continuity and quality on long term commitments.
